

IS THIS BIZ FOR YOU?

How To Determine If You and Your Child Should Be In Show Biz

Y = YES N = NO

CHILD

- _____ Do people continuously tell you that your child should be a model or an actor, and/or do you just know that you have an amazing baby or toddler?
- _____ Does your child like having his/her picture taken?
- _____ Does your child enjoy being with other children and know how to share?
- _____ Does your child have tons of personality and smiles often?
- _____ Can your child easily be handed over to someone that he/she is not familiar with and not cry?

PARENT

- _____ Do you have the flexibility to pack up the kids and head out to an audition at a moments notice?
- _____ Do you have the flexibility to rearranging your schedule and still manage to be punctual for auditions?
- _____ Do you have reliable transportation and are willing to appoint a back-up person to take your child to auditions in case you cannot?
- _____ Do you have a computer and printer, and know how to send and receive emails?
- _____ Are you willing to continuously keep your child's statistics up-to-date on his/her resume and websites?
- _____ Are you willing to frequently update your child's snapshot/headshots as they grow and change?
- _____ Even though expenses in this industry are generally kept to a minimum for babies & toddlers, are you able to pay \$25 (up to 3 times a year) to change out your babies photos on the industry website?
- _____ Will you be able to handle rejection if your child doesn't get picked for a job?
- _____ Are you willing to learn all there is to know about this industry, as well abide by industry etiquette, as Go Babies & Tots guides you through the process?

In order to be successful in show biz, Go Babies & Tots believes that parents must be able to honestly answer YES to all of these questions. If you were not able to do so, then show biz is not right for you at this time.

I have read and understand the questions above and I was able to answer affirmatively to each.
